Comments Report

2. Class Environment

^{2.4)} Additional comments for items 2.1 - 2.3.

- 2.2 Professor Al-Rawi never encouraged students to participate in-class, but there were not many opportunities in class for student involvement besides one lab activity that involved making your own ethernet cable. But at the beginning of class he would always ask students if they had any questions.

3. Instructor Responsiveness

^{3.4)} Additional comments for items 3.1 - 3.3.

- Provides helpful feedback when you do something wrong on an assignment.

5. Overall

^{5.2)} Additional comments concerning this course.

- The only issue that I had with this class is when it came time for subnetting, there should be more time devoted to this subject and maybe go a little slower. I understand that this was a summer course and they go fast but this was the hardest and very important part of the class.
