^{5.2)} Additional comments concerning this course.

- Al-Rawi is an excellent teacher and will take another class with this instructor. Will recommend him to my friends
- Professor Al-Rawi does a great job of providing instruction and immediately following it with practical applications and direct assistance on lab-work. There are even moments where he finds very useful additional material to supplement lessons and I found these very helpful in becoming a more skilled technician. I would recommend taking his courses as he does a great job of ensuring the Cisco material is presented very thoroughly.
