5.2) Additional comments concerning this course.

- Having the privileged to attend Dr. Al-Rawi's network security course has afforded me great benefit in furthering my knowledge in regards to network security. I personally find it troubling that other students would not take advantage of the knowledge he has to offer, because he always went above to make sure that the integrity of the curriculum matched what should be taught.

Thank you for all of the time, work, and wisdom, that I had the good fortune to attend your classes.

- Take this professor for this class and other cisco classes. He does an awesome job and knows what he is doing. Also good for linux classes if you wanted to get a better idea of what linux does and can do!
