Comments Report

1. Course Structure

1.5) Additional comments for items 1.1 - 1.4

No data available.

2. Class Environment

2.4) Additional comments for items 2.1 - 2.3.

- Prof. Al-Rawi is the best! He is aware that some of his students are absolutely brand new to the IT world and that he has some that are so advanced that they are taking this class for an easy A. He allowed the advanced students to go at their own pace and always asked the class if we had any questions, are we learning anything new (in a comical manner), and if we needed help with anything. Not only that, but the Prof. was always available after class to assist and help with any other questions that we had. He's one of the best teachers that I have ever had.

3. Instructor Responsiveness

3.4) Additional comments for items 3.1 - 3.3.

- Prof. Al-Rawi Answers his emails in a very timely manner.

4. Effectiveness

4.3) Additional comments for items 4.1 - 4.2.

- The Professor is excellent by nature and highly knowledgeable with material. However, due to the amount of information crammed into one class, the Professor was unable to spend time clarifying some missed applications in class. This deemed to be extremely tasking and difficult to keep up.

5. Overall

5.2) Additional comments concerning this course.

- I am truly grateful for Prof. Al-Rawi! i am brand new to the IT field and also am a slow learner. I knew sometime I would frustrate the Prof with my incomprehension, but he was always long-suffering and patient with me. Always help me find the answer or answered my questions, no matter if it was the same one for almost a week. Haha. He is the complete opposite of the female Linux teacher I had but that is for another day. Prof. Al-Rawi is the best!
