Comments Report

1. Course Structure

1.5) Additional comments for items 1.1 - 1.4

- I always enjoy Akram classes, he a bit straight forward but he is very clear about what he expects or what needs to be done.
- This teacher uses a pre setup that obviously isn't thought through.

2. Class Environment

2.4) Additional comments for items 2.1 - 2.3.

- First lecture in the other class from this teacher was spent scolding students because they werent answering instantly when zoom chat was on mute.

3. Instructor Responsiveness

3.4) Additional comments for items 3.1 - 3.3.

- He would email me back within minutes sometimes.
- There is no communication whatsoever.

4. Effectiveness

4.3) Additional comments for items 4.1 - 4.2.

- I couldve gotten this infomation from youtube. And the last 3 weeks of this class was assignments from the security + class. I'm glad I'm forced to pay twice for the same recycled infomation.

5. Overall

5.2) Additional comments concerning this course.

- Great teacher
- I feel like the labs didn't coincide with the textbook reading, like they weren't in order. I think the labs and textbook need to come from the same source so that the labs are used to reinforce what the textbook covers for those chapters. Otherwise I thought the class was good
- It's obvious there is very little effort put into this course. Not to mention the teacher is incredibly unflexible during a pandemic.
- Professor Akram Al-Rawi is very efficient when it comes to teaching the material, giving feedback and answering questions. I have taken many online courses from him and always know what is expected of me. He provides many hands on assignments that help build the muscle memory needed to quickly complete an assignment but also provides assistance with configurations. He is also very quick to diagnose issues with labs and to help his students be able to correctly complete labs.
