Comments Report

1. Course Structure

1.5) Additional comments for items 1.1 - 1.4

- Mr Al-Rawi is very patient, and takes the time to properly explain concepts and answer any questions related to course materials in a way that is easy to understand and translate into useable skills.
- Syllabus is clear, a good example for others to follow.
Note that material, labs in this case, that were created locally by instructor or department, were far superior in content than NDG in most cases. Went above and beyond to provide best material even if it needed created first.

2. Class Environment

2.4) Additional comments for items 2.1 - 2.3.

- Decent human being, always.

3. Instructor Responsiveness

3.4) Additional comments for items 3.1 - 3.3.

- Always a solid communicator
- Professor Al-Rawi is fantastic at answering emails in a reasonable time.

4. Effectiveness

4.3) Additional comments for items 4.1 - 4.2.

- Very hands on and is willing to guide all students through every project and answer questions. Great learning atmosphere.

5. Overall

5.2) Additional comments concerning this course.

- Again, some of the pre-packaged curriculum lacks the clarity and effectiveness of that made by instructor or department head. It is a subject that moves faster than NDG and therefore it is fantastic that new labs have been created and incorporated for better learning. Because of this certification is much closer for students interested in that.
- I appreciate everything that mr Al-Rawi has done for me over the course of my academic career at JCCC, and he has been one of the best teachers that I have ever had. He is extremely knowledgeable and is able to teach the material at any level. I would highly recommend him to any student that has an interest in IT or Cyber Security at JCCC
