Comments Report

1. Course Structure

1.5) Additional comments for items 1.1 - 1.4

- The material in Canvas is a little unorganized with several different versions of the same item in some places making it a little confusing.

2. Class Environment

2.4) Additional comments for items 2.1 - 2.3.

- very respectful and easy to learn from.

3. Instructor Responsiveness

3.4) Additional comments for items 3.1 - 3.3.

- Very good turn around time for grading and emails.
- always will answer questions or help you out.

4. Effectiveness

4.3) Additional comments for items 4.1 - 4.2.

- There were times that he was hard to understand and/or follow. Instructions for assignments were often confusing, missing, etc. But I will say that he wasn't picky on exactly what screenshots were submitted. As long as you could show you understood the concepts, you would do well on the assignments.

5. Overall

5.2) Additional comments concerning this course.

- Akram Al-Rawi is an excellent teacher. Linux 231 is one of the harder classes in the curriculum (in my opinion) and he does an excellent job of explaining. He is always willing to help and answers emails very quick.
- Canvas was very unorganized.
- I wish to have this teacher again.
