GENERAL INFORMATION

The College Scholars Program showcases faculty excellence in research fields that go beyond the classroom to make scholarly contributions to knowledge within the professor's academic discipline. All instructors, full-time or part-time, are eligible to apply.

Previous recipients must wait one year before applying again, and must apply with a different topic.

Successful applicants will receive a total award of \$2,000. If the applicant can prove financial need related to the completion of the project, half will be awarded at the end of the spring semester, the other half after the applicant has completed his/her presentations.

Four awards will be given annually. Successful applicants will be informed in April. The College Scholars committee may weigh factors such as general interest, timeliness, relevance of topic, and representational qualities of the presentations in totality in making its decision.

INSTRUCTIONS

1. Provide all information requested on this 5-page form.
2. Attach 2 letters of recommendation from scholars, one of which must be from outside JCCC, who can testify to the significance of your research in their larger academic discipline.
3. Attach your c.v. or resume.

Please submit this nomination to the Office Faculty Development, LIB 375C, Box 75

Deadline: March 31

Date nomination received in Office of Faculty Development: _____

PRESENTATIONS

Successful applicants will deliver two presentations. Both presentations must deliver information or research-in-progress beyond the normal pedagogical content of a JCCC course.

Additionally, successful applicants must either visit two classes as an invited guest or lead a faculty seminar/colloquium in consultation with Faculty Development.

The public presentations and class visits (or faculty seminar) should focus on a topical theme to be explained in the application. Successful applicants are expected to help promote their presentations, help arrange for their own class visits, and work with the College Scholars committee to coordinate all other details. The Faculty Development office will assist with making arrangements.

Title of EVENING presentation for general audience:

One brief paragraph describing content:

Title of DAYTIME presentation for students, faculty, and staff:

One brief paragraph describing content:

Select ONE of the following two options and provide the requested information.

Two class presentations

One brief paragraph explaining what classes would be interested in this topic and why:

Faculty/Staff seminar

One brief paragraph explaining the title and content:

Other (please specify)			

QUALIFICATIONS

All applications must demonstrate evidence of expertise within their academic disciplines relevant to the topic being proposed. These may include publications or articles about the faculty member's work in refereed journals; international, national, or regional recognition; or other venues.

Please describe how your academic background qualifies you to speak on this topic (e.g. degrees, courses taught, awards, etc.).

Explain research you have completed that has prepared you to speak on this topic.

What contribution does your research make to scholarly knowledge, and why should it be of interest to students and faculty at JCCC?

Please identify the two scholars within your discipline, (1 from outside of JCCC), who recommend you and have written letters of reference attached to this application.
